**Praise for 7 Iranians that were baptized** at the Afghan & Iranian Christian Fellowship in Vienna, VA on June 13th. 3 are men. 3 are women and one is a teenager. All have given public testimony of their faith. There were to be 6 baptized that day but at the last moment during the service one woman from Bahai background came forward and gave a testimony of how one by one her family had come to Christ and of the miracles she had seen in their lives and that she did not want to live without Jesus in her life. He had done so much for her. What a time of rejoicing! Please pray for these brothers and sisters as they continue to follow Christ.

**Friends ministering among Afghans** write: "Right now Afghanistan needs praying friends! The situation inside the country is grim. This last month, some photos of believers meeting and of baptisms were shown on the local TV stations. This has begun a more formal investigation into the situation. The Parliament of Afghanistan has met to discuss the issue and will be continuing to discuss it. One member of Parliament challenged the government to execute any Afghans who had become Christians. He told the government that if they do not do it, he will. Please pray that God will have His hand on the decisions of the government."

**Praise for 13 Persian Christian books** produced by Persian World Outreach this past year. These resources serve to strengthen the Persian Churches and Christians.

Pray for current projects which include: How to Find God by Billy Graham, The Balance of Truth by Dr. Fender Almani, and 25 Followers of Jesus Christ (the Testimonies of Former Muslims).
